

IEC / NEMA Product Focus

▶ PRODUCT FOCUS

IEC 60320 / NEMA

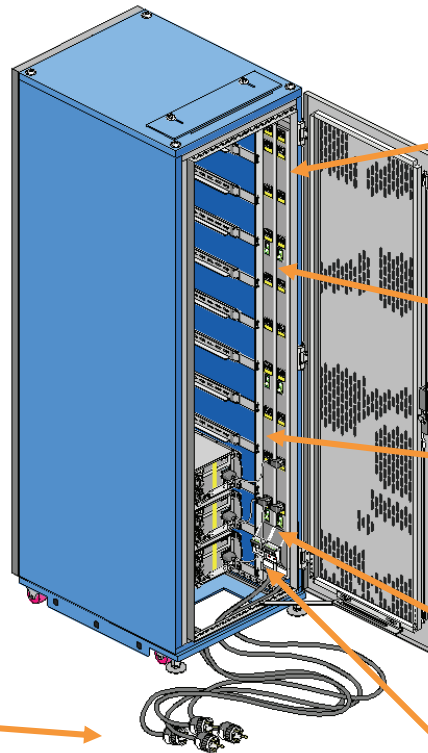

Since 1979, Power Dynamics, Inc has designed and manufactured IEC 60320 and NEMA connectors. We have the worlds largest selection of filtered and non-filtered inlets and outlets.

Our in-house Engineering department can design, modify and custom terminate many of our connectors. All Power Dynamics IEC and NEMA connectors are approved by the appropriate local and International safety testing agencies.

Mating power and jumper cords are available for all countries.

Power Dynamics ships worldwide.
