# Power Stanchions

by **Power Dynamics, Inc.**

Power Stanchions that meet your needs

**Ships Fully Assembled**

For over 35 Years Power Dynamics has been designing and manufacturing high quality power products that meet or exceed industry standards. Our new Power Stanchions are designed for rugged use and ease of installation and durability. Our switched mechanical interlocks are virtually indestructible, have dual locking mechanisms, on/off LED's and accept all industry standard Pin & Sleeve connectors. PDI power stanchions are an integral part of any winery, food, or agricultural processing location. Ships fully assembled.

### Options

- 20, 30, 60 Amp Switched dual Mechanical Interlock with on/off LED
- Power / Water/ Air combinations
- Custom Stainless Steel or Aluminum designs
- Custom Graphics or Paint
- Mating Pin & Sleeve Connectors

#### P/N SW2388

- Single IP67/69 4X 30A /480V Switched Mechanical Interlock with on/off LED
- T304 Stainless Steel
- 20A NEMA GFCI with rain-tight in use cover
- Pre-assembled with watertight conduit hub

#### P/N SW2389

- Two IP67/69 4X 30A /480V Switched Mechanical Interlocks with on/off LED
- T304 Stainless Steel
- 20A NEMA GFCI with rain-tight in use cover
- Pre-assembled with watertight conduit hub

#### P/N SW2390

- Three IP67/69 4X 30A /480V Switched Mechanical Interlocks with on/off LED
- T304 Stainless Steel
- 20A NEMA GFCI with rain-tight in use cover
- Pre-assembled with watertight conduit hub
